Without looking it up, who can recite our old mission statement?
(Hint: It includes Connect, Build, and Go)

Read the passages

What characterized the man Jesus encountered? (What was true of him?)

Why do you suppose the man wanted to go with Jesus? Why wouldn't Jesus let him?

What was the result of people hearing his story?

Apply

Our new mission statement: **“Central Church exists to help you share the love of Jesus with your relational world.”**

What about this statement is compelling to you? Is there anything about it that you find confusing? Convicting?

If someone in your relational world wanted to really understand the difference Jesus has made in your life, what would you tell them?

Take a few minutes to think about the people in your relational world. How can you be investing in them?

What are some practical ways that Central can help you share Jesus' love with your oikos?

Pray

Pray that we would know and experience the love of Jesus in ways that motivate us to share his love with others.
