Read Matthew 24:14. The word used for “nations” can also be translated into “people groups”. What other passages in Scripture use the word “nations”? How does the understanding that nations can also mean people groups shape, expand, or challenge your understanding of these texts?

Proverbs 25:25 says “Like cold water to a weary soul is good news from a distant land.” How have you experienced this in your own life? Who in your life demonstrates this need and desire for the good news?

What is the role of prayer in seeing God’s kingdom grow?

Read John 17:20. Why would Jesus pray for unity? What do you think it takes to be unified as believers? What gets in the way of unity?

Apply

Reflect on how you might join in on what God is already up to in the world. How is God inviting you to get involved?

Pray

Thank God for the lives being changed and saved throughout the world. Ask that God would help you pay attention to not just the ways your oikos and community need him, but the ways God is already moving.
