DEVELOPMENT  
PROGRAM

*Explore. Experience.*

# Explore your calling.

Discover how God can use you.

Central Church's Intern Development Program is a 9-12 month process focused on exploring your gifts and callings in the local church. Our interns work on a ministry team for up to a year, receiving valuable development on a professional, personal, and spiritual level.

Maybe you need an internship to graduate. Maybe you need a (paid) part-time job. Either way, if you have a desire to grow and serve the Lord, we want to equip you!

We want interns who are looking to be challenged and grow. This is not a punch-the-clock, busywork internship. In the Intern Development Program you'll be taken under the wing of a professional within your field. You'll have real responsibility and mentorship to hone your craft, while also being cared for as a person and Christ-follower.

**You'll learn more about yourself, the gifts God has given you, and how you can use those gifts—whether or not you end up working in ministry.** - Kendra, current intern

# Gain experience.

For a lifetime of ministry.

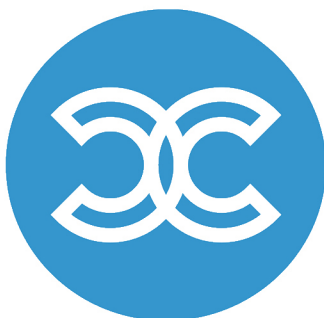

**Whether you end up in vocational ministry or not, we'll equip you to use your gifts for the Kingdom—wherever He calls you!**

Internships are available for the following majors and beyond. Don't see your field of study? Talk to us and we'll work with you to find the right fit!
